### 4. FIRST AID MEASURES

---

#### General Information

No adverse effects have ever been reported or are expected when using this product. However, please follow the directions in this section for first aid if required.

<b>Mouth:</b>	Rinse mouth with water.
<b>Eyes:</b>	Hold eyes open and flush with warm water for a few minutes.
<b>Skin:</b>	Wash off with water and wipe dry.
<b>Inhalation:</b>	Not an inhalation risk. If concerned simply remove to fresh air.
<b>First Aid Facilities:</b>	Eye bath and access to water facilities / safety shower
<b>Advice to doctor:</b>	Treat symptomatically for neutral detergent.

### 5. FIRE FIGHTING MEASURES

---

#### General Information

Not explosive, not auto-flammable, not flammable. This product will not burn or ignite.

<b>Extinguishing Media:</b>	Although the product will not burn, the product packaging, in the event of fire, require CO <sub>2</sub> dry chemical powder or alcohol resistant foam. If water is used, contain run-off with use of a spill kit.
<b>Fire &amp; Explosion Hazard:</b>	Oxides of carbon. Oxides of nitrogen (under fire conditions)
<b>Special Protective Equipment for Fire Fighting:</b>	In case of fire, wear full face positive pressure self-contained breathing apparatus and protective clothing

### 6. ACCIDENTAL RELEASE MEASURES

---

#### General Information

If spilt, this product may be slippery. Restrict access to the area of the spill until completion of clean-up. Stop leak if safe to do so.

<b>Personal Precautions:</b>	If spilt on skin, wash off immediately with water. If splashed in eyes, hold eye(s) open and flush with copious amounts of water.

## Liquid Phase Odour Control Additive

**Formulation Details:** Hyperconcentrate  Concentrate Ready to Use

**Environmental Precautions:** Although not harmful if entering sewer or water courses, it recommended that you do not allow this to happen. Contact or inform the appropriate water authorities on the volume spilt.

### Methods for cleaning up

**Small Spills:** Contain spill with absorbent material. Clean up promptly by scoop or vacuum.

**Large Spills:** Bundy off or dam up the spill. Reclaim into recovery or salvage drums.  
Wash the site of spillage thoroughly with water.

## 7. HANDLING & STORAGE

**Handling:** Avoid continuous contact with skin. Avoid splashing into eyes. This product is not an inhalation risk.

**Storage Conditions:** Store in a dry cool place. Do not mix with or pour into other chemical containers. Keep in original container with cap securely fastened.

## 8. EXPOSURE CONTROL | PERSONAL PROTECTION

### General Information:

Not a hazard in normal use or when used as intended. No personal protective equipment is generally required. The following information is in the unlikely event that workers will be handling this product continuously or for long periods of time throughout the day.

**Occupational Exposure Limits:** None

**Engineering Measures:** General ventilation is recommended

**Respiratory Protection:** None required when product is used as intended

**Hand protection:** For sensitive skin, impervious gloves may be used

**Skin protection:** Standard protective clothing

**Eye Protection:** If using continuously it is recommended that you wear chemical splash goggles

**Hygiene Recommendations:** Keep an eye wash fountain or eye bath bottle available. Keep a safety shower available. Wash hands at breaks and at the end of the shift. Launder clothes regularly.
